Dear Ms. Sheppard:

Enclosed herewith is our response to the Information Request sent to Service Waste, Inc. located at 2301 Hemphill Street, Fort Worth, TX.

I would like to reiterate the information that I conveyed to you by telephone that Service Waste, Inc. and any and all principles, employees, and associates involved in Service Waste, Inc. in Texas are not now, nor have they ever been, associated with Service Waste, Inc. in any other state, nor have they ever delivered, contracted for delivery or recommended the use of the Gary Development Company and/or the Gary Development Landfill located at 479 Cline Avenue, Gary, Indiana. We are only associated with this company by coincidental use of the same corporate name.

Based upon your instructions, I have responded to the "Information Request" to the best of my ability, and have enclosed our answer sheet.

Since public information is disseminated so quickly on the internet these days, and anything that would wrongly connect our company with another entity that is being investigated by the EPA, I respectfully request that you do your due diligence to clear my company of any wrongdoing so that we are not adversely effected by the inevitable negative publicity.

Thank you for your cooperation on this matter.

Yours truly,

Gary Carter
Sales Manager

Service Waste Response to "Information Request"

1. We do not have any documents, records, or correspondence in our possession relating to Gary Development Landfill. We have never used the site.
2.
 - a. We have no knowledge of the location, address, or name of the facility where disposal, treatment, unloading, management, or handling of any hazardous substances occurred.
 - b. We have no knowledge of any locations where disposal, treatment, unloading, management or handling of any substances may have occurred that would be different from the location or facility than what was originally intended.
 - c. We have no knowledge of any intermediate sites where hazardous substances were transshipped, or where they were stored or held, any time prior to final treatment or disposal.
 - d. We have no knowledge of the nature, chemical content, characteristics, physical state and/or quantity of any hazardous substances in any arrangements.
 - e. We have not information concerning the nature or quantity of and non-hazardous substances involved in any arrangements.
 - f. We have no knowledge of the condition of any transferred material containing hazardous substances when it was stored, disposed, treated or transported for disposal or treatment.
 - g. We have no knowledge of any markings on, or type, condition or number of containers in which hazardous materials were contained when they were stored, disposed, treated, or transported for disposal or treatment.
 - h. We have no knowledge of any tests, analyses, analytical results and/or manifests concerning any hazardous substance involved in any transaction, nor do we have any information regarding who conducted tests or how tests were conducted.
 - i. We have no knowledge of the final disposition of any hazardous substance involved in any arrangement.
 - j. We have no knowledge of any person(s) who may have entered into any agreement or contract for the disposal, treatment or transportation of any hazardous substances at or to the Site.
 - k. We have no knowledge of who controlled and/or transported hazardous substances prior to delivery to the Site.
 - l. We have no knowledge of who the owner(s) or possessor(s) (persons in possession) of any hazardous substances involved in any arrangement for disposal or treatment of any substance.
 - m. We have no knowledge of who selected where hazardous substances were disposed of or treated.
 - n. We have no knowledge of how hazardous substances or materials containing hazardous substances were planned to be used at the Site.
 - o. We have no knowledge of what was done with hazardous substances that were brought to the Site.

- p. We have no knowledge of what activities were typically conducted at the Site or the specific facility where any hazardous substances were sent.
 - q. We have no knowledge of how hazardous substances typically were used, handled or disposed of at the Site.
 - r. We have never had a relationship with the owner(s) and/or operator(s) of the Site.
 - s. We have never had any influence over waste disposal activities at the Site.
 - t. We do not handle ANY hazardous waste. We have NEVER used this Site. The percentage of our total hazardous substances that went to the Site is 0%.
 - u. Since we do not handle hazardous substances, we have not taken any steps to dispose or treat hazardous substances.
 - v. Since we do not handle hazardous substances, neither I, nor any of our owners, employees, or customers had any involvement in selecting the particular means or method of disposal of hazardous substances.
 - w. We have never transferred hazardous substances so we did not have any intent for anything to happen with hazardous substances.
 - x. Since we did not have anything to do with hazardous substances, we did not take any measures to determine the actual means of treatment, disposal or other uses of hazardous substances.
 - y. Since we did not have anything to do with hazardous substances, and have never contemplated using a site in a different state, we did not investigate the nature of the operations conducted at the Site or the environmental compliance of the Site. We have never sold, transferred, delivered, disposed of, or arranged for the treatment or disposal of any hazardous substances.
 - z. There was never been any shrinkage/spillage provision or loss allowance because we have never entered into any type of contract or agreement with this totally unrelated entity.
3. Service Waste, Inc. (Texas) is a privately owned company that has no ties whatsoever with any of the entities listed. The owner of our company is Bob Dunlap Sr. The address is 2301 Hemphill Street, Fort Worth, TX 76110 and the phone number is 817 924-2717. His son, Robert Dunlap Jr. is the General Manager. Both of these individuals have first hand knowledge of the operations of Service Waste, Inc. of Texas from the date of inception. Since we do not now, nor have we ever, handled hazardous substances, there are no handling, storage or disposal practices in place. Our employees are trained to detect and report any suspicious materials prior to handling them.
4. We have never sent, brought or moved any drums and/or hazardous substances to the Site and have never made arrangements for any drums to be sent, brought or moved to the Site.
5. Service Waste is not required by the Federal Government, or the State of Texas, to obtain permits to transport and/or dispose of materials.
6. No shipments or arrangements for hazardous substances were ever made.
7. We have never transported hazardous substances, nor have we ever contracted with any carriers to transport hazardous substances.

8. Service Waste, Inc. (Texas) is required to obtain a Texas Department of Transportation number 005955541C and a US Department of Transportation number 732535. These are not permits to transport and/or disposal of waste. They are required to ensure compliance with State and Federal regulations for the operation of vehicles on public roads and highways.
9. Our company does not have a permit or permits issued under RCRA. We do not have nor have we ever had a permit or permits under the hazardous substances laws of the State of Indiana. Our company does not have an EPA Identification Number or an identification number supplied by the State Environmental Protection Agency.
10. We have never made a Notification of Hazardous Waste Activity with the EPA or and corresponding agency or official of the State of Indiana.
11. We have never carried out operations in Indiana or Illinois.
12. Sales personnel solicit new customers in the Fort Worth and Dallas metropolitan area. When they secure a new customer, an order is sent to the Operations department for delivery. Services may be on a scheduled or "on call" basis and drivers are dispatched to service the customer. Drivers check the load to determine its final destination. Depending upon what material is in the container, the load may be sent to our transfer station for sorting and processing, or it may be delivered to a wood processing plant for recycling. If the container does not contain sufficient material for recycling, it will be taken to any of the local landfills for disposal. In no case, do we transport or dispose of hazardous substances.
13. Service Waste, Inc. is a Fort Worth, TX based company that provides recycling and non-hazardous waste services to the Fort Worth and Dallas metropolitan area. We have only one location. The company has been in Fort Worth for over twenty years and we have enjoyed slow but steady growth over that time.
14. We do not have "raw materials" as such. We recover cardboard, paper, plastic, wood and metal from loads of material collected from our customers. We sort the commingled loads containing these items and sell them for reuse.
15. See attachment 1
16. We have never filed release reports since we have not had any releases.
17. Not applicable.
